Typical ballast pig = 65 x 90 x 375 = 25kg
 Ballast box strongly made from 12mm ply bonded and fastened together.
 Box sides 10mm lower than ballast height.
 Box screwed down securely into hog.
 Allow about 5mm all round inside box to lead pigs.
 Fit shallow wedges to hold lead firmly in box.
 Fix four eyeplates to side of box.
 Two Ø6 ropes across box to restrain lead pigs in case of inversion.
